

Volunteer Testimonial

Michael Swan

Michael started with the club a few years ago at our senior sessions and then progressed to our adults coaching and league teams, after completing his coaching badge Michael now help's out at our junior beginner sessions and camps alongside running the senior social session.

“I wanted to give something back that provides me with purpose, I've enjoyed learning table tennis and making new friends I just want to help other do the same, the volunteering gives a lot of opportunity for social interaction with a lot of different people and it really is good fun”

“Bishop Auckland TTC provides a positive path to introduce all people into the sport and being involved with a dedicated team that do this is extremely rewarding, I'll never forget one young man who was overjoyed at learning his forehand topspin. The club me offered great support and ensured I received quality training and guidance”

“Anyone looking to join us at the club I say Go for it; it is both fun and you learn new skills”
